

REMARKS

FIG. 35 was inadvertently omitted from this divisional application, as originally filed. The present addition of FIG. 35 is fully supported by the identical FIG. 35 from the incorporated-by-reference parent application, U.S. Patent Application No. 10/063,102, titled "Electronic Payment System, Payment Apparatus and Terminal Thereof," filed on March 20, 2002. It is submitted that this divisional application is entitled to its original filing date despite the omission of FIG. 35 as the omitted material was included by way of incorporation by reference. Thus, it is believed that no petition is necessary and that a response to the Notice of Omitted Items is not due. *See* MPEP 201.06(c)(B).

Please charge any fees associated with the submission of this paper to Deposit Account Number 033975. The Commissioner for Patents is also authorized to credit any over payments to the above-referenced Deposit Account.

Respectfully submitted,
